

introduction

I'M TIM MOEDEKER,
AN ARCHITECT AND
LECTURER BASED IN
HANNOVER
WITH A PASSION FOR CUTTING
EDGE TECHNOLOGIES OF THE
DIGITAL WORLD AND,
CONTRADICTORILY, ANALOGUE
PHOTOGRAPHY.

EDUCATION

M. Sc. Architecture, Leibniz University Hannover 10.2021 – 01.2024
Thesis on AI in architectural design, with a practical AI interface focused on accessibility.

B. Sc. Architecture, Leibniz University Hannover 10.2017 – 01.2021
Focus on conceptual, digital work in new formats such as VR and AR, deepened in the bachelor's thesis.

EXPERIENCE

Architectural Designer, Mosaik Architekt:innen Hannover 10.2024 – today
Competitions for public-sector clients, some currently being realized.

Lecturer, Institute of Digital Methods in Architecture, Leibniz University Hannover 04.2024 – today
Teaching "Digital Simulation", researching open-source AI in architecture.

Guest Lecturer, Digital Design Unit, TU Darmstadt 05.2025
Weekend Arduino seminar; students built sensor-based musical instruments.

Architectural Intern, Design & Concept, Angelis & Partner 04.2021 – 10.2021
Design and concept work on competitions.

Student Assistant – IT, Faculty of Architecture & Landscape, Leibniz University Hannover 01.2018 – 01.2025
IT support for teaching staff and students.

SKILLS

Design & BIM: Rhinoceros, Revit, Archicad

Visualization: V-Ray, D5, Unity, Photoshop, Illustrator, InDesign

Other: Python, QGIS, 3D printing, large-format plotting, web/server hosting

Languages: German (mother tongue), English (fluent)
